RE: Fairways at Lake Ridge Seal-Coating Project

Dear Tom:

I want to thank you and your staff for the excellent job on our recent seal-coating project. Our office received many phone calls complimenting your crew for their professionalism and workmanship. The finished product speaks for itself.

Every phase of the project was handled efficiently, with little disruption to our residents. Our contact, Kevin Geiger, was always available and more than willing to assist us in any way he could. The on-site crew was considerate and extremely helpful to our residents who needed special assistance.

I would highly recommend your services to any community or business in need of a paving contractor. Thank you again for a job well done.

Very truly yours,

Gina Kuhlwein, CMCA
Property Manager
Fairways at Lake Ridge
