RE: KIMBERLY WOODS
PAVING PROJECT

Dear Mr. Eosso:

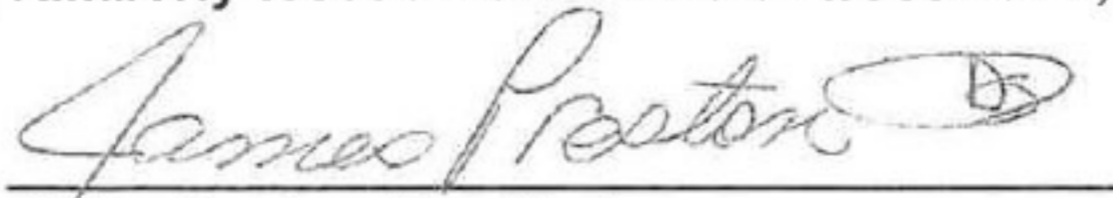

I wanted to take time to personally thank and congratulate you on doing such a great job for Kimberly Woods Homeowners Association. The paving, concrete sidewalks and curb work came out very good, and we are very, very pleased!

What we are most pleased with, is the way your firm coordinated all of your work. Although we are a relatively small townhouse community (120 units), your firm, through the use of different colored street maps of our complex, which you handed out to each unit, was a tremendous help in making sure all unit owners knew in advance when they were going to be effected by your ongoing work in our community.

Neither the Board of Directors nor the Management Company received one complaint from the unit owners regarding any of your work or scheduling. That's unheard of!!

Thank you again for such a terrific job.

Sincerely,
Kimberly Woods Homeowners Association, Inc

James Preston, President

MANAGED BY WENTWORTH PROPERTY MANAGEMENT
