September 28, 2007

Dear Tom,

I wanted to take this opportunity to let you know how pleased the association is with the paving project you did this summer and we look forward to the 2<sup>nd</sup> phase.

The entire experience from beginning to finish was truly outstanding. I truly appreciated your staff's availability to the residents of the community and me. Gary kept me informed every step of the process. I knew exactly what was happening and that helped me keep the residents informed. I also want to mention how impressed I was with you and your crew. They were amazingly efficient, knowledgeable, professional and very hard working! I was fortunate to have several opportunities to speak with you during the project. You and your staff seem to truly love what you do and this reflects so well on Eosso Brother Paving.

In the future, please consider me as a satisfied customer. I will be happy to serve as a reference for your company. Please feel free to share this letter with anyone that has requested references. See you in 2009!

Sincerely,

Sharon D. Meyer, Property Manager  
Arthur Edwards Inc.
