Eosso Paving Contractors

September 14, 2010

This past summer Crestwood village six community contracted with your company to repair our roads. The cracks were getting out of hand and very large on our 12 to 14 miles of roadway. Starting in May and ending in July 2010. It has been my pleasure as a trustee for the village to work very closely with Anthony Eosso his crew and staff.

They were totally professional in their work ethic, everyone in the village remarked on how accommodating courteous and friendly they all were considering the extreme heat of the past summer. Anthony and his crew exceeded our expectations of what we needed done for our community. The job was neat, clean, and done in a very timely professional manner, always keeping the residence's vehicles and homes out of harms way with the debris that comes with repairing the roads.

With any project there will be complaints, ours were only less then 1% of the work that was done. Anthony and his crew took care of these problems quickly to everyone's satisfaction.

Thank you, for a job that was well done.

Sincerely,

Ronald J. Paluzzi.

Trustee,

Crestwood village six
