**Eosso Brothers Paving, Inc.
11 Phyllis Street
Hazlet, NJ 07730**

Dear Tom:

We are writing to thank Eosso (Gary, Anthony, Kim, Rob) and all the folks at Eosso who worked on the repaving project and contributed to such a great job.

The following are just a few of the comments that we received from our homeowners during and after the project.

- **The project was well thought out and organized**
- **Extremely efficient use of time by the crew**
- **Excellent communication and coordination from the on site crew and office personal**
- **All crew members/staff extremely polite and helpful-this comment was heard over and over again from our residents**
- **Golf car availability very helpful to our seniors and residents in need of assistance.**

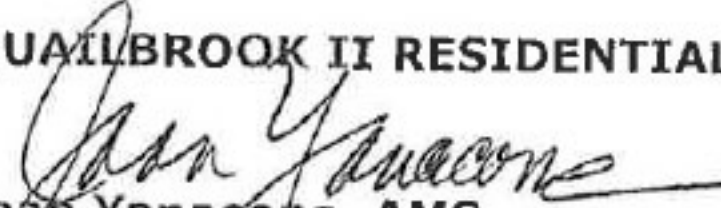

From a property manager's stand point, the fact that a project of this magnitude and complexity ran so smoothly and was completed in such a short amount of time truly confirms Eosso's excellent reputation as being one of the very best or the best in the industry.

Please feel free to call on me anytime for a recommendation.

Thank you for a great job.

Sincerely,

QUAILBROOK II RESIDENTIAL COMMUNITY
